

AS-BUILT SURVEYS

Accurate record surveys of what was actually built — for engineering acceptance, municipal turnover, QA/QC and project closeout.

WHAT PCI PERFORMS

- Underground utility as-builts (pre-backfill)
- Foundation, anchor bolt and structural as-builts
- Civil and roadworks as-builts
- Pipeline and facility as-builts
- As-built vs. design comparison and conformance reports
- Municipal record drawing surveys

DELIVERABLES

- As-built drawings in CAD and PDF
- Point lists and coordinate files
- Design-vs-built comparison reports
- Photo documentation where useful
